CUTTING EDGE TECHNOLOGY  
WITH EXTRAORDINARY CARE

BOSTON UNIVERSITY MEDICAL GROUP  
THE ENDOSCOPY CENTER  
OF BROOKLINE

**OUR STATE-OF-THE-ART ENDOSCOPY CENTER IS A COMPREHENSIVE OUTPATIENT FACILITY PROVIDING A WIDE RANGE OF GASTROINTESTINAL ENDOSCOPIC PROCEDURES INCLUDING COLONOSCOPY, UPPER ENDOSCOPY AND FLEXIBLE SIGMOIDOSCOPY.**

We emphasize a patient-first approach offering the highest level of quality, technology, comfort, privacy and convenience throughout the entire endoscopy experience:

- A hassle-free scheduling process with appointments typically available within 1 week of referral
- Rapid telephone access to interpreter services to ensure clear communications with patients and families of all languages
- Procedure rooms equipped with state-of-the-art equipment
- Admission and recovery areas designed for maximum comfort and privacy
- A guarantee we meet or exceed all federal and state licensing requirements
- Experienced, highly-trained ACLS – certified nursing staff.
- Convenient services that are all performed on an outpatient basis
- Streamlined admissions and discharge processes
- Free Parking to our patients

All of our BU Medical Group Physicians hold faculty appointments at Boston University School of Medicine and are Board-certified in Internal Medicine and Gastroenterology. They are among the most skilled in the region, each dedicated to bringing our patients the highest quality of care to meet their needs in a compassionate and comfortable environment. In addition, we have five female physicians on our staff in order to accommodate the personal or cultural preferences of our female patients.
