

The Boston Medical Center Autism Friendly Initiative Presents

Building An Autism Friendly Practice

This virtual conference is designed for healthcare professionals (staff, clinicians, trainees, administrators, etc.) from any discipline or practice setting, seeking to create or strengthen their organization's ability to serve patients with Autism Spectrum Disorder (ASD). Talks will include training around specific interventions, research and evaluation considerations, and patient, family and professional panels.

Friday, September 24, 2021

9:30 AM-2:00 PM VIA ZOOM

\$125 Conference Fee

(\$50 for BMC Employees)

Social Worker & Nursing CEUs Available
