Doodling

... So, if you look on the right, you'll see some earbuds, uh, because I like to listen to music. And then the back is actually, uh, like, a piece of construction paper. Cuz when I'm stressed I like to doodle... I usually draw in my, like, guest room because it has, like, a TV, and I could do, like, tutorials... what I like to do is mostly just doodling and drawing characters and games ... so when I do that, basically, like, I sometimes, like, imagine what life would be like if, like, that specific character sometimes -- so, like, if I had, like, a circle for, like, a leg, would I, like, roll down a hill instead of just, like, walking down a hill?"
