## A Message From Transition Together

Here at Transition Together, we don't just value equity, empathy, justice, and respect -- we practice them. We stand with our community in fighting against racist systems and structures and echo the words of Chief of Pediatrics, Dr. Bob Vinci: "We will work together to denounce and dismantle all forms of racism and racial violence and to bring us together as a community so we can heal and support those who are suffering in silence". Please see below!

## Mentor Shout-Out!

This week's shout-out is brought to you by Dr. Jonas, who would like to recognize Tyler for his great work as a mentor. Tyler's mentee noted meeting frequently with him and expressed that having Tyler to talk to has been very helpful for him. Thank you Tyler!
