18. Are you aware of any pending investigation or inquiry into your professional conduct by any entity or are any disciplinary charges pending against you?

CRIMINAL HISTORY

YES ☐ NO ☐

25. Have you ever been charged with any criminal offense?

IMPORTANT NOTE: You must report being arrested, arraigned, indicted or convicted, even if the charges against you were dropped, filed, dismissed or otherwise discharged. A charge of operating under the influence or its equivalent is reportable. A medical malpractice claim is a civil, not a criminal, matter and need not be reported for purposes of this question. If in doubt as to whether an arrest or criminal offense must be disclosed, it is best to disclose the action on your application.

Expunged/Sealed Offenses: While expunged offenses, arrests, tickets or citations need not be disclosed, it is your responsibility to ensure the offense, arrest, ticket or citation has, in fact been expunged or sealed. Failure to reveal an offense, arrest, ticket or citation that is not in fact expunged or sealed, raises questions related to truthfulness in addition to questions regarding the offense itself. You may have been told your record is expunged or sealed when in fact it is not. If, during the course of the application process, information about an offense is discovered which you did not disclose because you believed it to be expunged or sealed, you will be required to provide a copy of the expunction or sealing order.

CONFIDENTIAL INFORMATION

Before completing the following questions, refer to the instructions for definitions and additional information. If answering “yes” to any of the questions, you must provide details on the Limited License Supplement. For purposes of the following questions, “currently” does not mean on the day of, or even the weeks or months preceding the completion of this application. It means recently enough to have an impact on one’s functioning as a licensee, or within the past two years.

27. Do you have a medical or physical condition that currently impairs your ability to practice medicine?

YES □ NO □

28. Have you engaged in the use of any substance(s) with the result that your ability to practice medicine is currently impaired?

YES □ NO □

29. Have you ever refused to submit to a test to determine whether you had consumed and/or were under the influence of chemical substances?

YES □ NO □

If you have a substance use disorder or mental or physical health diagnosis that impacts your ability to practice medicine, the Board encourages you to seek assistance voluntarily and to abide by any recommendations of your health care provider.

When the Board receives notice of a substance use disorder, its primary mission is to protect the public; however, the Board also seeks to ensure successful rehabilitation through the physician’s participation in approved treatment programs and supervised structured aftercare. Similarly, when the Board receives notice of a mental health or physical health diagnosis that impacts a physician’s ability to practice, the Board needs to ensure that the physician can practice medicine safely.

In regard to issues of physician impairment, whether the impairment is caused by a substance use disorder, or a mental or physical health diagnosis, the Board works cooperatively with the Massachusetts Medical Society’s Physician Health Services (PHS) and encourages physicians to contact PHS to determine what services may be available to them in order to ensure their safe practice of medicine. Please call PHS at (781) 434-7404.

Complete the following only if you will be graduating from Medical School this year.
Dear Registrar:

The Massachusetts Board of Registration in Medicine (hereinafter “the Board”) will not grant a limited license to an applicant unless that applicant has been awarded a medical degree. Since the rationale for the Board’s licensing regulations and statutes is to ensure that only qualified applicants are licensed, the Board has determined that an applicant must be awarded a medical degree prior to granting a limited license to practice medicine in Massachusetts.

Previously, a medical school verified either an applicant’s graduation from medical school or the applicant’s anticipated graduation from medical school. We recognize that there are certain circumstances under which an applicant would not graduate, as expected, from medical school, for example: 1) failure to either take or pass Step 2 of the USMLE; 2) uncorrected failing grades in a preclinical course; 3) uncorrected failing or marginal performance in a clinical clerkship; or 4) failure to meet any other curriculum requirements. Therefore, the Board has initiated a new procedure for the verification of medical school education.

All applicants must have Form A, copy attached, of the Medical School Verification completed by their medical school. An additional form is required for applicants who are fourth year medical school students and who have completed the requirements for the M.D./D.O. degree, but have not yet been awarded the degree. For these applicants, the medical school must complete Form B of the Medical School Verification form, copy attached. Any state medical board to whom you have certified an applicant’s graduation would wish to be notified immediately regarding a medical school’s determination that the applicant will not graduate, as reported on Form B. In addition, fourth year medical school students are required to notify the Board within twenty-four hours of notification by the medical school that they have not met the medical school’s graduation requirements. The notification form entitled “Medical School Status Update” is available on the Board’s website at www.mass.gov/massmedboard.

The Board appreciates your assistance in making your students aware of these new requirements. Should you have any questions, please contact me at the above listed number.

Sincerely,

Licensing Division
