Dear Patient,

At Boston Medical Center we are committed to providing exceptional care, without exception to everyone in our community. BMC’s unwavering commitment to provide accessible care for all includes transgender and gender non-conforming people. Throughout the hospital, there are various departments that offer trans/gender health related services to patients in a safe and friendly environment.

As a patient, you have the right to healthcare without discrimination based on gender identity, gender expression or sexual orientation. As a patient at BMC, you will receive care by providers who will treat you with respect. BMC’s Center for Transgender Medicine and Surgery is a multi-disciplinary program that offers services for adult and pediatric individuals identifying as transgender or gender non-conforming. Some of the Center’s services include primary care, behavioral health, gender evaluation and treatment, endocrinology, surgical services, and obstetrics & gynecology.

This service directory provides an overview of available services and resources at BMC. If you have specific questions we encourage you to reach out to one of the many listed departments. BMC has a long history of providing care to transgender and gender non-conforming people and a commitment to continue to provide exceptional care in a gender-competent culturally sensitive environment now and going forward.

Sincerely,

Kate Walsh
President and Chief Executive Officer
Boston Medical Center
ABOUT BOSTON MEDICAL CENTER AND THE CENTER FOR TRANSGENDER MEDICINE AND SURGERY

Boston Medical Center (BMC) is a private, not-for-profit, academic medical center and the primary teaching partner for Boston University School of Medicine. Located in Boston’s historic South End neighborhood, BMC provides the very best care in every medical area. Our doctors are leaders in their fields with the most advanced medical knowledge at their fingertips and a highly-skilled nursing and professional staff working with them side-by-side.

BMC has been dedicated to serving transgender and gender non-conforming patients for decades. In 2016, BMC established its Center for Transgender Medicine and Surgery under the direction of Joshua Safer, MD. Through this unified structure, patients have a single point of contact for their care needs. BMC is the first center in New England to provide such a comprehensive program and is a leader nationally in delivery of transgender and gender-competent medical care.

For more information, please call 617.638.1833.

OUR PROMISE

Boston Medical Center respects the dignity and rights of each patient and is committed to providing the larger LGBTQ community, and in particular transgender and gender non-conforming people, with professional, considerate, and respectful care in a safe and friendly environment.

OUR MISSION

We will provide consistently excellent and accessible health care services to all in need of care, regardless of status or ability to pay.

OUR VISION

Our vision is to meet the health needs of the people of Boston and beyond providing high quality comprehensive care to all, particularly mindful of the needs of the vulnerable populations, through our integrated delivery system, in an ethically and financially responsible manner.

YOUR RIGHT

As a Boston Medical Center patient, you have the right to polite, respectful treatment. BMC does not discriminate based on age, race, ethnicity, religion, culture, language, physical or mental disabilities, socio-economic status, sex, sexual orientation, gender identity, or gender expression.
**Adult Primary Care**  
617.414.5951  
BMC provides comprehensive trans-friendly services. Our primary care team provides trans and gender incongruent individuals with an expanded type of care - coordinating all of your health care needs, from helping you stay healthy by reminding you about preventive checkups and tests, to working with you to manage chronic conditions, visits to specialists, hospital admissions and more.

Shapiro Ambulatory Care Center, 5th & 6th floors  
725 Albany Street  
Boston, MA 02118

**Thomas W Barber, MD**  
**Pablo Buitron de la Vega, MD**  
**Jennifer R Siegel, MD**  
**Jessica Taylor, MD**  
**Annie Lee, NP**

**Pediatric & Adolescent Medicine**  
617.414.4841  
The team at the Adolescent Center at BMC, led by Dr. Mandy Coles and Erin Peterson, provides support and care to transgender and gender non-conforming children, adolescents, and young adults in a multidisciplinary setting. Care plans are individualized based on patient and family goals and needs, with collaborative involvement by nursing staff, health educators, patient navigators, behavioral health providers, and endocrinologists.

Yawkey Ambulatory Care Center, 6th floor

Boston, MA 02118

**Mandy S. Coles, MD, MPH, FSAHM**  
**Erin Peterson, LICSW**

**Behavioral Health**  
617.414.4242  
The Behavioral Health Team works with the Department of Psychiatry to help BMC primary care patients achieve mental & emotional well-being through individual and group interventions. They provide support for mental health issues such as depression and anxiety, as well help with trauma, addiction, transition and adjustment concerns, and psychiatric medication management. Behavioral Health clinicians work both within the department of Psychiatry and within various outpatient clinics.

Dowling Building, 9th floor  
771 Albany Street  
Boston, MA 02118

**Stanley H Ducharme, PhD**  
**Meghan Brett, LCSW** (Sees patients in Behavioral Health and Infectious Disease Clinic)

**Gillian “Jill” Nuding, LICSW** (Sees patients in General Internal Medicine)

**Amanda LaSane Ali, LCSW** (Sees patients in Behavioral Health and Infectious Disease Clinic)

**Endocrinology**  
617.638.7470  
BMC is a leader in hormone treatment for transgender individuals and serves as a referral center for transgender hormone therapy for all adults. Transgender men and transgender women can be referred by their primary care providers. Available endocrine services include initial consultations, active monitoring/prescribing/management of hormone regimens, guidance with complex medical concerns, and second opinions about hormone treatment strategies.
BMC provides a number of different surgical options to transgender patients, including chest reconstruction surgery, facial feminization surgery, and genital surgery for transgender women, and chest reconstruction surgery, hysterectomy, and oophorectomy for transgender men. Each patient’s medical and mental health history will be reviewed by BMC’s transgender surgery panel to determine if the patient is an appropriate surgical candidate.

Jeffrey Spiegel, MD is a world leader in facial and voice surgery, offering scalp advancement, brow lifting, forehead contouring with reconstruction, orbital contouring, rhinoplasty, eyelid surgery, cheek enhancement and reduction, lip lifting, lip augmentation, chin and jaw shaping, anti-aging surgery (i.e. face and neck lift), voice surgery to raise or lower the pitch, and Adam’s apple reduction.

Our pelvic floor physical therapists are trained to care for patients recovering from transition-related surgeries. Physical therapists will work closely with the transgender medicine team to ensure appropriate interdisciplinary care. PT can help patients manage post-operative discomfort, perform soft tissue stretching to scar sites, practice relaxation techniques of pelvic floor, prescribe exercises to strengthen muscles, and educate patient on dilator training and other self-care techniques.
**PROVIDER DIRECTORY**

**Dermatology**  
617.638.7420  
The Dermatology Practice at Boston Medical Center offers pre-surgical treatment with laser hair removal, along with female feminization procedures that include soft tissue augmentation, neuromodulation, and laser treatments, performed under the direction of Dr. Neelam Vashi. In addition, we are available to treat gender transition-related skin conditions such as acne, folliculitis, and other inflammatory skin disorders, under the direction of Dr. Allison Larson.

**Voice Therapy**  
617.638.8124  
At Boston Medical Center, we understand that for some people, how you sound when you speak with others is an important part of affirming your identity. The Voice and Swallowing practice offers high-quality voice and communication therapy so that your voice and how you present yourself will match your expression of identity. We have several trained Speech-Language Pathologists who specialize in feminization and masculinization voice therapy.

---

**BMC SERVICE PROGRAMS**

**Cancer Support Services**  
617.638.6428  
The Cancer Care Center supports patients during all aspects of their care—from diagnosis through treatment and recovery. Services include: Cancer support/discussion groups, Support activities, Special programs and events, Complementary services, Patient Navigators, Social Workers, Nutritionists and Genetic Counseling.

**Domestic Violence Program**  
617.414.5457  
The Domestic Violence Program is a resource for patients, employees, community members, and anyone (teens and adults, including elders) who is seeking information or help with domestic violence, particularly abuse or violence by a current or former partner. Our Advocates will listen without judgment, without telling you what to do, while offering information and support in the areas you want help with.
Elders Living at Home
617.414.1642

Elders Living At Home is at the forefront of ending elder homelessness in Boston. Over the last two and a half decades, ELAHP has touched the lives of 2,500 people, not only clients, but their families, care providers, policy makers, public and private funders and students from a variety of disciplines.

Food Demonstration Kitchen
617.414.3840

This is a unique environment that allows the BMC community to view first-hand how to prepare the foods that they love in a manner that coincides with a healthy lifestyle. Simple, cost-effective recipes are demonstrated while disease and condition specific nutrition education is implemented for weight management, diabetics, cardiac rehab patients, cancer survivors, as well as classes for pediatric patients and their families.

Infectious Disease Clinic
617.414.4290

The Infectious Diseases practice at Boston Medical Center is the largest HIV/AIDS program in the New England area and one of the largest STD practices in Massachusetts. The practice offers comprehensive diagnostic and therapeutic services in all areas of infectious diseases, with particular expertise in HIV/AIDS, sexually transmitted diseases (STDs), diseases incurred through international travel, and Lyme disease.

Preventive Food Pantry
617.414.3834

The Food Pantry works to address nutrition-related illness and under-nutrition for our low-income patients. It fills the therapeutic gap by linking physicians and nutritionists to patients. Individuals with special nutritional needs are referred to the Pantry by BMC primary care providers who write “prescriptions” for supplemental foods that best promote physical health, prevent future illness and facilitate recovery.

Smoking Cessation Program
617.638.7480

Boston Medical Center offers a medically supervised Smoking Cessation Program for patients. The program is an eight week, one hour per week classroom model with a curriculum that includes pharmacotherapy, nicotine replacement (gum and patches), stress reduction training, cognitive therapy, social support, and relapse prevention counseling.

Substance Abuse Programs

Boston Medical Center offers a number of substance abuse / addiction treatment options for people admitted to the hospital as well as in our various outpatient clinics. These programs include:
CATALYST Clinic  
617.414.6655

Many teenagers and young adults struggle with addiction to drugs, alcohol, or both. At Boston Medical Center, the CATALYST program helps teens and young adults who are struggling with addiction. Our clinic provides access to a wide range of services including primary care, behavioral health, and support resources for patients up to age 25 and their families.

Faster PATHS  
617.414.4290

The FAST PATH Program (Facilitated Access to Substance abuse Treatment with Prevention and Treatment of HIV) is a specialized team based in the Center for Infectious Diseases (CID) to address substance abuse issues. The clinical team includes an addiction specialist MD, a substance abuse nurse, and a licensed alcohol and drug counselor.

OBAT Clinic  
617.414.6926

OBAT (Office Based Addiction Treatment) is a primary care based clinic for adults who use substances, and offers buprenorphine/naloxone and naltrexone in a nurse-care management model.

Project ASSERT  
617.414.4399

Project ASSERT – Alcohol, Substance abuse, Services, Education, Referral, and Treatment is a program that works to detect substance abuse and other preventable conditions, intervene, and refer patients to treatment. They serve as a bridge between inpatient and outpatient substance treatment as well as providing other related services to community members struggling with substance use, including focused referrals to tran/gender affirming providers. They also run an in-house medication assisted treatment (MAT) clinic that offers services including suboxone, vivitrol, and referrals to methadone treatment programs. In addition, Project ASSERT houses After Midnight (p4811), a program dedicated to working with individuals involved in sex work and victims of sex trafficking.

Project RESPECT  
617.414.2000

Project RESPECT (Recovery, Empowerment, Social Services, Prenatal care, Education, Community and Treatment), is a high risk obstetrical and addiction recovery medical home at Boston Medical Center and Boston University School of Medicine. Project RESPECT provides a unique service of comprehensive obstetric and substance use disorder treatment for pregnant women and their newborns in Massachusetts.
**EXTERNAL RESOURCES**

**Violence Intervention Advocacy Program (VIAP)**  
617.414.4454

Boston Medical Center’s VIAP Program helps guide victims of community violence through recovery from physical and emotional trauma. Using a trauma informed model of care, VIAP empowers clients and families, facilitates recovery by providing services and opportunities. VIAP presents options for families that bring hope and healing to their lives.

**BAGLY (Boston Alliance of Gay, lesbian, bisexual, transgender youth)**  
617.227.4313 • bagly.org

BAGLY offers support for GLBT youth.

**Boston GLASS & JRI Health**  
857.399.1920 • jri.org/services/health-and-housing/health/boston-glass

Boston GLASS (Gay & Lesbian Adolescent Social Services) provides a continuum of services to LGBTQ+ youth of color and their allies in the Greater Boston area. As a leader in LGBTQ+ youth services, they provide education and consultation to other providers and community organizations.

**Boston Health Care for the Homeless Program**  
857.654.1000 • bhchp.org

A resource for transgender primary care for those who are homeless or marginally housed.

**Compass Support Group for FTM**  
compassftm.org

A New England area female-to-male (FTM) trans support, information, and social group for people assigned female at birth who feel that is not an accurate or complete description of their gender.

**Fenway Health**  
617.267.0900 • fenwayhealth.org

Founded in 1971 as part of the free clinic movement by students who believed that health care should be a right, not a privilege, Fenway Health is a federally qualified community health center that prides itself on providing high quality, comprehensive health care, research, education and advocacy. Fenway health focuses on the LGBT community, people living with HIV/AIDS.

**Greater Boston PFLAG**  
781.891.5966 • gbpflag.org

GBPLAG is a group of parents, families, friends, and lesbian, gay, bisexual, transgender, and queer people who help change attitudes and create an environment of understanding so that our LGBTQ family members and friends can live in a world that is safe and inclusive. GBPLAG accomplishes this through support, education, and advocacy.
