You pick the topics. We bring the expertise.

AAOS/OTA Daily Dilemmas in Trauma

You pick the topics. We bring the expertise.

Expand your trauma acumen with the operative and nonoperative trauma updates you need to stay current when you take call.

In addition to preselected content, faculty tailor the remaining topics to **address your preferences resulting from popular vote**. From upper and lower extremity fracture fixation to complication management, outcomes and more, faculty bring their expertise to the table.

A dynamic mix of lively debates, case reviews, and rotating small group discussions cultivates a personalized learning environment so you can return to practice with insights, expertise, pearls, and solutions.

Register early to vote on topics for 10 lectures to create a unique experience around the popular results!

aaos.org/3061/vote

Look forward to:

- Low faculty-to-participant ratio: Take a seat at the table with world-renowned trauma surgeons
- Highly interactive sessions: Ask questions and seek advice on your cases
- Participant-guided programming: Nearly half of the course is structured around attendee-voted topics

Join us in May for learning and collegiality – bring your team and your family to enjoy historic and bustling Boston!

After You Register: **YOU VOTE!**

YOUR TOPIC #9: Foot and Ankle

YOUR TOPIC #10: Foot and Ankle

Vote Online for Your Foot and Ankle Topic:

Diabetic Ankle Fracture with Neuropathy / Pilon Fractures / Talus Fractures / Midfoot Fractures and Dislocations / Calcaneal Fractures / Management of Equinus Contractures

Faculty Panel with Cases

The Academy would like to thank the **Orthopaedic Trauma Association** for the many contributions made by its members in the presentation of this program. The Academy and orthopaedic specialty societies work together to provide orthopaedic surgeons with the highest quality educational programs and publications. This cooperative spirit among colleague organizations is an important resource and valuable asset for the orthopaedic community.

“The small-group approach was perfect...
it was fascinating to see how many different
approaches there were for the same problem.”
