On December 14th, Boston Medical Center was the first Massachusetts hospital to receive the Pfizer COVID-19 vaccine. Staff celebrated in style with a dance on Albany Street and soon after started to receive the first rounds of vaccines. The BMC community is feeling hopeful with this monumental and historical development in history. “What I hope is that people will watch me today and join me in fighting this virus,” says Cheryl Tull, BMC associate chief nursing officer. For information regarding the COVID-19 vaccine, click here.

There is a federal eviction moratorium which prohibits property owners from evicting people who cannot pay rent. The order only extends through 12/31/2020. If you are at risk of eviction, there are resources that can help! Call the City Life emergency housing hotline and visit their website to learn more about your rights as we continue to face a public health crisis. Click here for additional information about what to do when facing eviction.

The Boston Community Fridges are open 24 hours a day, 365 days a year to anyone that is in need of fresh produce, pre-made meals, beverages, or pantry supplies! ANYONE can take from and/or give to the fridge. Community fridges can be found in many Boston neighborhoods, including Allston, Brighton, Cambridge, Dorchester, Jamaica Plain, Roslindale, and Somerville. These Community Fridges are helping to reduce food waste and increase family access to fresh and nutritious meals.

For free food assistance, call Project Bread’s FoodSource Hotline at 1-800-645-8333 or click here to learn more.
This year has been hard on all of us, yet we continue to be amazed by the strength and dedication of the patients and families we serve each day. For 2021, as a department, we resolve to hold our community in our hearts, to provide support in the year to come, and to offer exceptional, comprehensive and compassionate medical care. We will continue to develop novel resources and programming informed by the voices of our families. Thank you for continuing to inspire our work each and every day!

Countdown to 2021

Instead, try a mock midnight ball drop! Here are some fun ways to celebrate earlier than midnight.

- Make your own ball drop with balloons, pop them at "midnight" with a count down
- Try celebrating with a countdown and pinata
- If you have Netflix, check out their fake New Year’s Eve Countdowns you can play at anytime.

New Year's Eve Floats

Looking for a fun and tasty treat to celebrate the New Year with your family? Try out these sparkling floats from the @themagicplaybook!

To make this easy and festive drink use sparkling grape juice or if you do not have access to this you can use apple/cranberry juice if with a dash of club soda and top with a dollop of whipped cream or a scoop of vanilla ice-cream.

Cheers to the New Year!
Boston Medical Center is here to support you during this difficult time.

Check out our new resource spreadsheet, which has links to online learning, social stories, music/animal/fitness programs, live online classes and more. See the second tab for free meals and financial services throughout Massachusetts. This spreadsheet is available in multiple languages and will be continuously updated as new resources become available.
