BOSTON MEDICAL CENTER

Comprehensive Baseline Concussion Testing

Combining sophisticated technology and clinical assessment, baseline testing provides your athlete's physician with objective assessments necessary for smooth transition to recover and safely return to play, should a concussion be suspected.

With baseline testing, the athlete's physician will have data to compare pre and post-concussion cognitive and physical performance.

All testing is performed by Board Certified pediatric neurologists with special training in concussion.

TESTS INCLUDE

- **ImPact Baseline**
- **Balance Error Scoring System**
- **Complete Neurological Evaluation**

Shapiro Center at Boston Medical Center
725 Albany Street, Boston

Please call 617.414.0465 to schedule an appointment.
Please allow one hour for the completion of all three tests.
